Much complaint is made by residents in the vicinity over a stagnant and malodorous mud-puddle that occupies Center street a short distance south of the town limits. There is a depression in the roadway there that might easily be filled up, but which has been neglected for several years. The borders of a neighboring ditch break often enough to supply it with water, and as a consequence the pond is really a fertile center of disease. The circus will be located near that point and the fair is soon to come, so an earnest appeal is made to the proper authorities to abate the

We'll Give You a Home Team.

From the Tueson Citizen Phoenix people want a base ball tournament at their coming fair, with the Tucson nine among others to participate. There is no reason why the Tucson nine cannot go over, and in all probability beat the club of that place as easily as they did the team from Tombstone at the last series of games. Tombstone at the last series of games. The practice of this summer with the soldiers and the Tombstone club, also among themselves, has developed a strong nine which could make warm work for the Phonix team. If they do go an understanding should be made that the game is to be with the Phonix club, and not with a club part San Francisco and part Phonix, as was done Francisco and part Phoenix, as was done to the Tombstone nine at the fair a year
